Case No. 17-cv-00939-JCS

**PLAINTIFF’S FOURTH
SUPPLEMENTAL OBJECTIONS AND
RESPONSES TO UBER’S FIRST SET OF
INTERROGATORIES (NOS. 1-11)**

HIGHLY CONFIDENTIAL – ATTORNEYS’ EYES ONLY

1 illustrative example, Waymo’s efforts to discover relevant evidence were thwarted by evasive
2 testimony from Defendants’ employees Gaetan Pennecot (Pennecot Dep. 62:3-13, 69:14-15) and
3 Daniel Gruver (Gruver Dep. 45:13-46:19) suggesting that [REDACTED]
4 [REDACTED], which was later contradicted by testimony provided by James Haslim in
5 his court-ordered deposition (Haslim May 4 Dep. 50:14-51:9), as well as by misleading testimony
6 from Gruver (Gruver Dep. 51:4-15) suggesting that Velodyne’s LiDARs [REDACTED],
7 which was later contradicted in Haslim’s court-ordered deposition (Haslim May 4 Dep. 165:1-11).

SPECIFIC OBJECTIONS AND RESPONSES

10 Waymo expressly incorporates the above objections as though set forth fully in response to
11 each of the following individual interrogatories, and, to the extent that they are not raised in the
12 particular response, Waymo does not waive those objections.

INTERROGATORY NO. 1:

15 Identify each alleged Waymo trade secret from “Plaintiff’s List of Asserted Trade Secrets
16 Pursuant to Cal. Code Civ. Proc. Section 2019.210,” served on March 10, 2017, that You contend
17 is used by Uber, and identify all facts and Documents (by Bates number) that you believe support
18 Your contention.

RESPONSE TO INTERROGATORY NO. 1:

21 Waymo incorporates by reference its General Objections. Waymo further objects to this
22 interrogatory on the grounds that it is overbroad, unduly burdensome, and oppressive, including to
23 the extent that it asks Waymo to respond separately for each alleged Waymo trade secret. Waymo
24 further objects to this request to the extent it is compound, complex, and contains multiple
25 subparts. Waymo further objects to this interrogatory as premature to the extent it calls for
26 information that is subject to expert testimony. Waymo will provide expert testimony in
27 accordance with the Court’s procedural schedule.

HIGHLY CONFIDENTIAL – ATTORNEYS’ EYES ONLY

1 Subject to and without waiving the foregoing General and Specific Objections, Waymo
2 responds as follows:

3 The head of Defendants’ self-driving car program, Anthony Levandowski took from
4 Waymo over 14,000 design files containing Waymo’s proprietary information, as well as other
5 proprietary documents describing Waymo’s confidential trade secrets. *See* Declaration of Gary
6 Brown (“Brown Decl.”); Deposition Transcript of Anthony Levandowski (“Levandowski Dep.”)

FIRST SUPPLEMENTAL RESPONSE TO INTERROGATORY NO. 10:

11 Waymo incorporates by reference its General Objections. Waymo further objects to this
 12 interrogatory on the grounds that it is vague and ambiguous, including with respect to the phrase
 13 “describe how those files disclose the trade secret,” Waymo further objects to this request to the
 14 extent it is compound, complex and contains multiple subparts.

15 Subject to and without waiving the foregoing General and Specific Objections, Waymo
 16 responds as follows:

17 The trade secrets identified below are disclosed at least in part by, among others, the
 18 misappropriated materials listed below.
